

Please note the policy adopted on 4 February 99 by the Team regarding the Montezuma County Sheriff's Card. Also please note that Sheriff Wallace has authorized and combined a concealed weapons permit with the Sheriff's Card for members over the age of 18. All members holding a combined Sheriff's card will be required to meet all range requirements and attend a 32-hour Law Enforcement Firearm Training. We will also ask that any member that cannot or chooses not to hold a concealed weapons permit attend the 32-hour Law Enforcement Firearm Training.

The Team recognizes the need to inform parents of this policy and make them aware of the fact that some of the members may carry a concealed weapon on occasion.

Please sign and return this letter so we know that all the parents are informed and comfortable with this policy. If you have any questions or concerns please feel free to call Chuck.

Thank you,

K-9 Team
