K9 TEAM THANKS FAMILIES, THE COMMUNITY, AND EMPLOYERS

Responding to a mission requires more than just the Team - it requires family members to 'keep the home fires burning', community members to help with financial and logistics support, and for employers to give financial support and blessing for members to leave at the drop of a hat. So members of K9 Search and Rescue Team Inc. based in Dolores would like to thank their families and friends in the community, who have supported the Team throughout the past twenty-five years.

Team members would also like to thank their employers, including Tri-State Generation and Transmission Association Inc., Montezuma County Health Department, Dolores School District, Cortez School District, Dolores State Bank, Colorado State Parks, Skanska USA Civil West, Four Corners Surveying Inc., and the Rico Hotel & Restaurant.

For more information about the K9 Search and Rescue Team, visit their website at www.k9team.org.
